PRIVATE FINANCE IN PUBLIC EXPENDITURE

You will wish to see the attached letter and paper from the Treasury. It is clearly relevant to the seminar on private finance you are apparently addressing on 18 February.

The press office will also wish to be aware of the possibility of requests to see the letter the Prime Minister sent to Mr. David Stevens in October 1986. This is also attached. For my part, I see no difficulties about releasing copies of the letter if there is a demand for them.
