**TORONTO ECONOMIC SUMMIT**

Thank you for your letter of 29 April about sideshows during the Toronto Economic Summit. It was thoughtful of you to make these suggestions. The one which would attract the Prime Minister most is the idea of seeing Lord Thomson's collection of paintings. As you say we probably shall not be able to reach a decision on timing until we get to Toronto. But it would be very nice if a visit to the paintings could be squeezed in somewhere in the programme.

I am sending a copy of this letter together with a copy of yours to Sheila Waghorn in Protocol and Conference Department in the FCO.
