Dear Hugh,

You have kindly agreed to help with the Prime Minister's speech on Europe in mid-September. There is one more immediate task on which I know that she would also welcome your help if you have the time, and that is the speech which she will make to the Canadian Parliament on 22 June. It would be particularly useful to have some suggestions for an introductory historical passage. Thereafter the intention is to deal with a number of fundamentals, both in the way we run our societies and in foreign affairs and defence. If you were able to suggest some modules or draft passages that would be very helpful. Ideally we would need your contribution - especially the historical section - by the first few days of June (or earlier if possible).

*Yours
C. D. Powell*

(C. D. POWELL)

The Lord Thomas of Swynnerton
