The issues raised by the  
Hore Sec's note of 28 July  
are delicate; ~~and~~ <sup>and</sup> councils  
received so far within.

I think it is worth waiting to  
see what the councils advise  
by, say, Tuesday before putting to  
pm. ~~But~~ Indeed, depending  
how many arrive by then, it  
may even be worth waiting till  
post - Autumn. PRC 6 4/8
